*APR = Annual Percentage Rate. Rate is accurate as of 8/1/2017 and is subject to change. Your individual rate may be higher based upon various factors such as your credit history, property type and loan-to-value ratio. Underwriting approval required. Hazard insurance required, Flood insurance may be required. The payment examples for mortgage loans assume a purchase transaction with the following details: a \$100,000 loan on an owner occupied single family home used as a primary residence located in Multnomah County, with 60% loan-to-value and a rate lock of 60 days with a credit score of at least 740. Monthly payments on a 15-Year Fixed Rate Mortgage Loan at 3.50% APR would be \$714.88 for 180 months. Monthly payments on a 10-Year Fixed Rate Mortgage Loan at 3.50% APR would be \$988.86 for 120 months. The payment amounts disclosed do not include amounts for the payment of taxes and hazard insurance so the actual payment obligation will be higher. **Borrowers are still responsible for recurring costs such as property taxes and homeowners insurance. Offer only applicable to residential first mortgage loans (up to \$750,000.00) on owner occupied properties. Maximum loan to value of 90%. Offer may be changed or discontinued without notice. Cannot be combined with any other offers.
